Access Point Lineup

Access Point - Standard

Attractive & Powerful AP

- ▶ Enhanced Data Throughput in High-Density
- ▶ Concurrent Dual Radio (2.4Ghz/5Ghz)
- ▶ Remote AP Support
- ▶ Attractive Circular Design

Access Point - Security

Quick & Precise Security Monitoring AP

- ▶ Full Time Sensing (Real Time Monitoring)
- ▶ Integrated Security Module
- ▶ Savings on CAPEX by 30%
- ▶ Location Tracking
- ▶ RF Spectrum Analysis

Access Point - IoT

Intelligent & Multi-purpose AP

- ▶ **Integrated BLE, Zigbee Sensor**
- ▶ **Sensor / Device Control & Monitor**
- ▶ **LBS by BLE Beacon**
- ▶ **Connectable to Smart Building Solution**
- ▶ **Dedicated Security Module**

Access Point - Outdoor

Compact & Robust Outdoor AP

- ▶ Maximum Tx Power (27.7dBm)
- ▶ Concurrent Dual Radio (2.4Ghz/5Ghz)
- ▶ Perfect Protection (IP66, 67)
- ▶ WIPS Sensor AP
- ▶ Compact Design (2.6kg)

Access Point - Mesh

Stable & Strong Mesh AP

- ▶ **Mesh Networking**
- ▶ **Enhanced Tx Power (28.7dBm)**
- ▶ **Dual Radio (2.4Ghz/5Ghz)**
- ▶ **Backhaul RF allow Client access**
- ▶ **Self Healing & Self Optimization**

AP Controller - Enterprise

High Capacity & Feature Rich Platform

- ▶ **Flexible Structure (Centralized/Distributed mode)**
- ▶ **Supports up to 3,000 APs**
- ▶ **Cluster up to 6 Controllers**
- ▶ **Automatic Cell Optimization**
- ▶ **Built in Firewall/Authentication Server**

AP Controller - SMB

Optimized Controller to the SMB Environment

- ▶ **Flexible Structure (Centralized/Distributed mode)**
- ▶ **Supports up to 75 APs**
- ▶ **Cluster up to 2 Controllers**
- ▶ **Automatic Cell Optimization**
- ▶ **Built in Firewall/Authentication Server**

NMS Solution

User Friendly Management S/W

- ▶ Integrated Wired & Wireless Management
- ▶ Manage up to 3,000 APs
- ▶ Remote AP Reset Function
- ▶ Remote Monitoring via Mobile Device
- ▶ Customized Reports

Key Features

Key Features - AirEqualizer

Increased Data Throughput

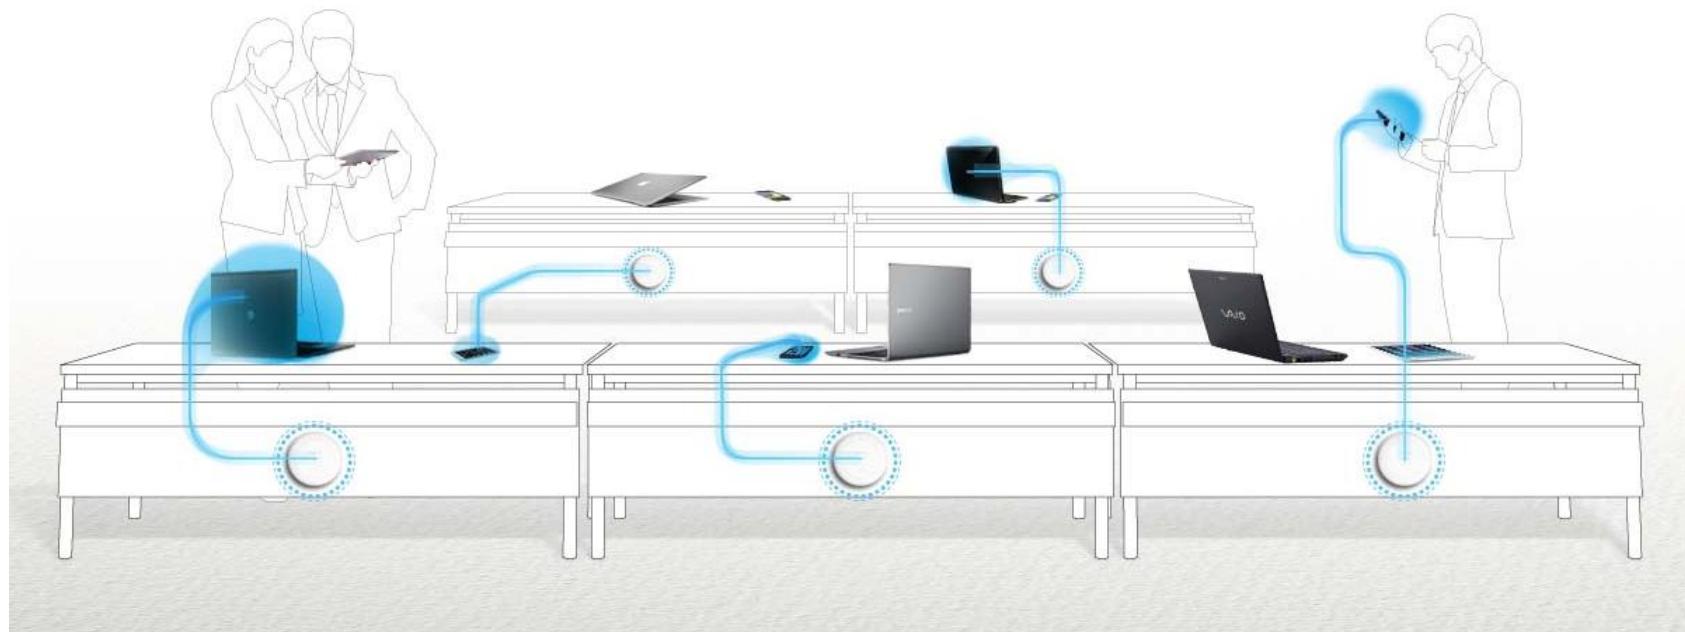

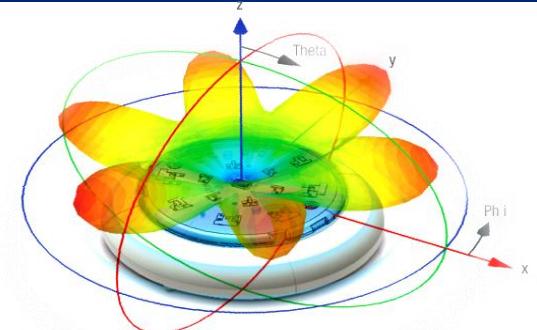

- ▶ Provides optimum wireless service by allocating equal airtime to each device

Key Features - Smart Antenna

Minimized Coverage Holes, Extend Service Coverage

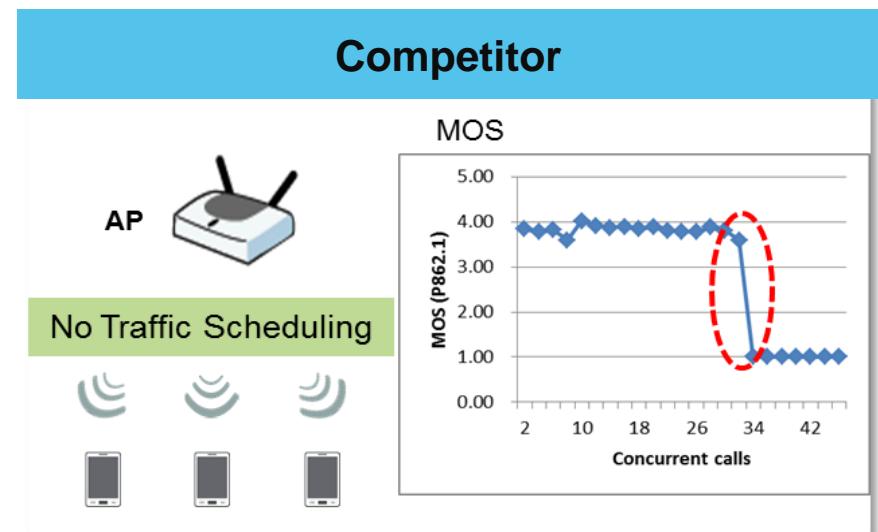

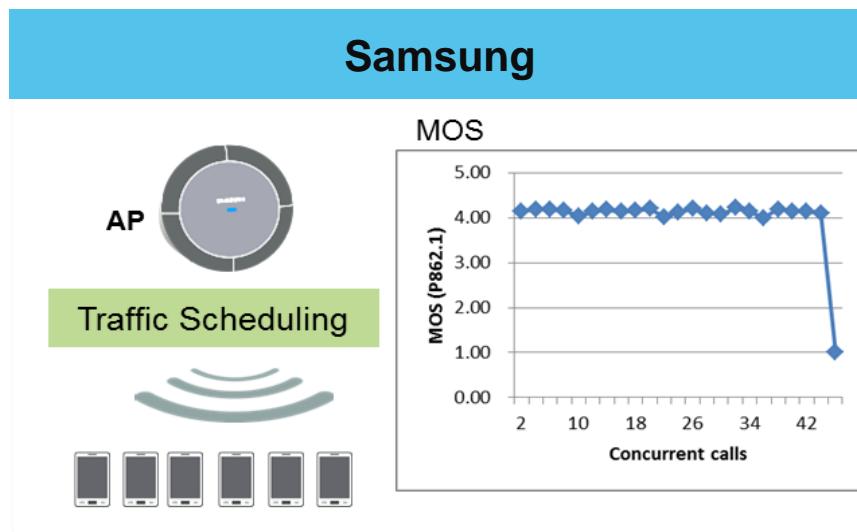

- ▶ Optimal RF pattern using multiple physical antennas to minimize shadow areas

Key Features - Voice Optimization

Increases Concurrent Call Capacity by 50%

- ▶ Transfer of voice frames to multiple devices efficiently by using scheduling technology

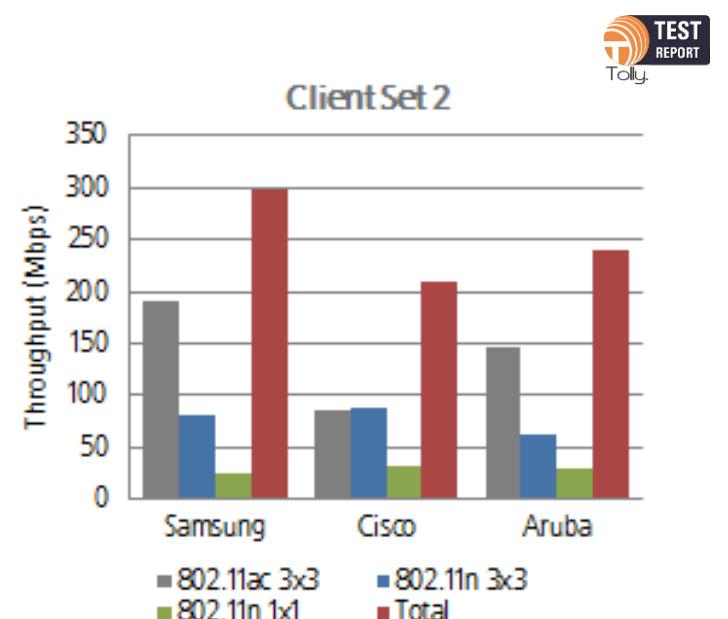

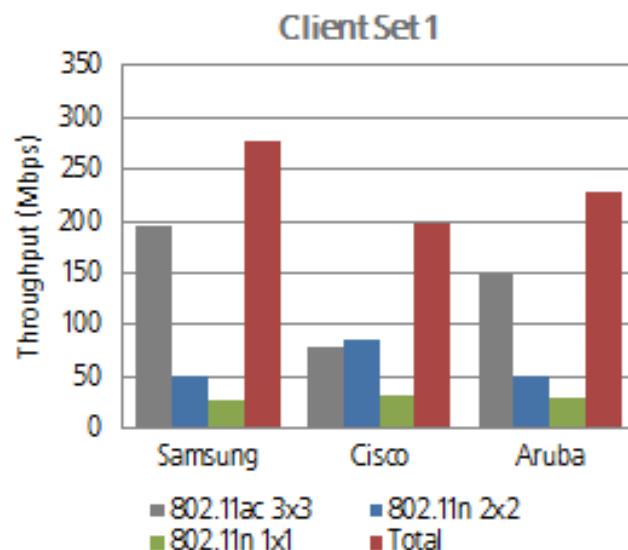

Test Report

Tolly Report (1)

Client Throughput in Heterogeneous Environment

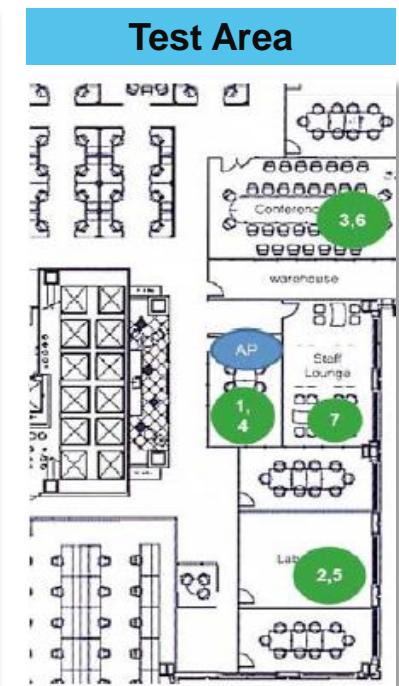

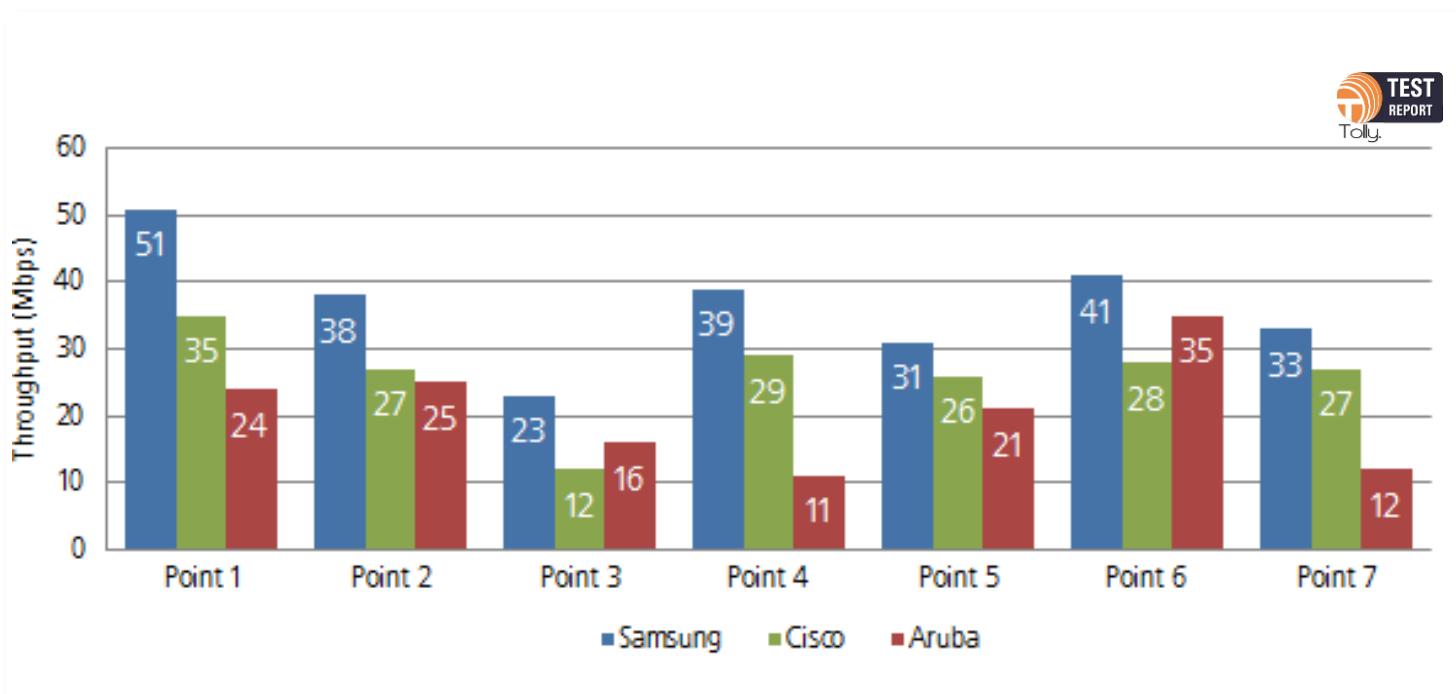

- ▶ Samsung WLAN outperformed the competing solution in total throughput in all tests with 'AirEqualizer' technology

Tolly Report (2)

Performance for Various Location

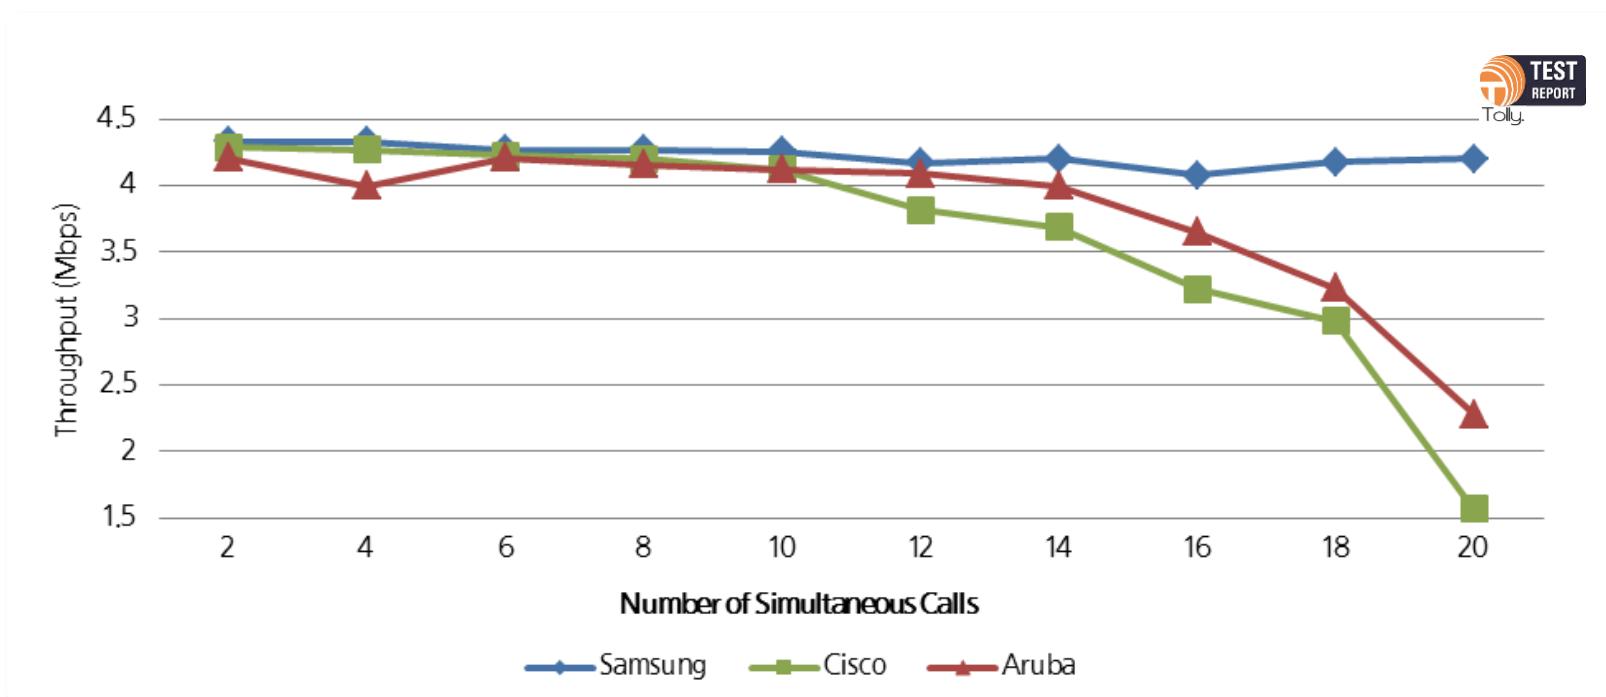

- ▶ ‘Smart Antenna’ provide robust service to all the clients in environment obstacle and multipath

Tolly Report (3)

Voice Quality vs. Total Number of Calls

- ▶ ‘Voice Optimization’ guarantee voice quality while still being able to support other data traffic in the network

Appendix 1

Specification

Indoor AP

	WEA302i	WEA303i/ WEA303e	WEA412i	WEA403i/ WEA403e	WEA403Si
Antenna	2x2 MIMO	3X3 MIMO	2x2 MIMO	3X3 MIMO	
Antenna Type	Internal	Internal/ External	Internal	Internal/ External	Internal
# of Antennas	10	14	4	15	15
Standard	802.11a/b/g/n			802.11a/b/g/n/ac	
PoE		802.3af			802.3at
Frequency		2.4G, 5GHz Concurrent support			
Security	802.11i, WPA/WPA2		802.11i, WPA/WPA2, WMM, WMM-PS		

Outdoor AP

	WEA453e	WEA463e
Mesh Tech.	2-hop WDS	Mesh
# of Antennas	3	6
Redundancy	N/A	Path Optimization, Self Recovery
Scalability	N/A	Support (Auto Configuration)
Antenna	3X3 MIMO	
Antenna Type	External	
PoE	802.3at	
Standard	802.11a/b/g/n/ac	
Environment Class	IP66, IP67	
Frequency	2.4G, 5GHz Concurrent support	2.4G, 5GHz support
Security	802.11i, WPA, WPA2	802.11i, WPA, WPA2, EAP, 802.1x

AP Controller

	WEC8500	WEC8050
Capacity	Central Switching : 1,000 APs Local Switching : 3,000 APs	Central Switching : 75 APs Local Switching : 200 APs
Network Interface	10GE 2ports, GE 8ports, Console 1port	10/100/1000MbpsE 4ports, Console 1port
Redundancy	System redundancy/ Power redundancy	System redundancy
Handover	L2/L3 handover support (Inter/Intra Controller)	
QoS	Shaping, Policing, 802.1p, Voice Quality Monitoring	
Security	Built-in Firewall, Radius server	
Management	Web based GUI, CLI, SNMP, Syslog	

WLAN Manager

WEM	
Capacity	Max 6 APC/ 3,000 AP support
OS	Linux
Management	General/ Security, Failure/Performance/Static management
Redundancy	System redundancy
Security	Rogue AP detection, prevention and Monitoring
Location	Location Tracking Monitoring support (RSSI based)

Appendix 2

Ethernet Switch

Ethernet Switch Specification

	iES4028GP	iES4028XP	iES4024GD
Image			
Category	L2 PoE (for 802.11n AP)	L2 PoE (for 802.11ac AP)	L3 (Distribution)
Ports	<ul style="list-style-type: none"> - 24 10/100/1000 Base TX ports - 4 Gigabit combo ports or 2 Gigabit combo ports + 2 10G ports (Option) - 1 Management port - 1 Console port 	<ul style="list-style-type: none"> - 24 10/100/1000 Base TX ports - 4 Gigabit combo ports or 2 Gigabit combo ports + 2 10G ports (Default) - 1 Management port - 1 Console port 	<ul style="list-style-type: none"> - 24 Gigabit combo ports (24 ports 100 Base-FX/1000 Base-X SFP, 24 ports 10/100/1000 Base-TX) - 1 Management port - 2 Console ports
Switching Capacities	92 Gbps		48 Gbps
Mac Address	16K MAC address entries		32K MAC address entries
AC Input		100 to 240 V, 50-60 Hz	
Power Consumption	System MAX 80W, PoE MAX 370W		System MAX 80W
Power-over-Ethernet	<ul style="list-style-type: none"> - 802.3af, 802.3at - Class 1,2,3 (24ports) - Class 4 (12ports) 	<ul style="list-style-type: none"> - 802.3af, 802.3at - Class 1,2,3,4 (24ports) 	N/A
